

## AUSTRALIAN SENIOR PLAYER'S ADVISORY PANEL

While the Australian Senior Players Advisory Panel is not an official Golf Australia body it has been formed to work with Golf Australia by representing the players and providing input to decisions made that concern the Australian Senior Ranking system and its events.

The Panel has been officially recognised by Golf Australia and as such will have an open communication with Therese Ritter (Manager – Championships) from Golf Australia. Therese has commented that she is “very pleased to be working with the group and looks forward to this communication assisting in the further development and success of senior golf”

The inaugural members of the panel are shown below.

Each member is happy to receive comments and suggestions from all senior golfers.

**Bob Angus NSW**

Panel Co-ordinator  
Forster GC, NSW
